# Luke Carrico Air Show Announcer

Elevating the industry standard, air show announcer  
Luke Carrico provides the best in showmanship  
& presentation to aerial events worldwide.

## SYNOPSIS

Air Show Announcer Luke Carrico serves as the voice of numerous aerial events all across the United States and internationally. From the coasts of Maine to California and even Japan, he has announced at more than fifty unique events worldwide across the past half-decade. His exciting, enthusiastic, and professional presentation of the action overhead places the attention of spectators directly into the cockpits. A licensed private pilot and charismatic entertainer, Luke has dedicated much of his life to the art form of air show announcing and it showcased in every single event he presents.

Luke got his start volunteering for his hometown air show in southern Indiana and has since supported some of the nation's most prestigious military and civilian air shows. Carrico has worked with all of the North American jet demonstration teams, single-ship demonstration units, and countless civilian performers and operational squadrons and stays busy each year announcing more than 15 events annually. His tenure as a professional and full-time air show announcer makes him a talent of choice for several award-winning aerobatic teams, air show performers, and has now amassed hundreds of live performances presented since 2008.

In addition to his role as a professional announcer, Luke is also an independent contractor providing consulting services to organizations, local governments, and the U.S. military. He has been invited to participate in some of the largest and most known air shows in the country and additionally annually serves as an emcee and presenter at the International Council of Air Shows (ICAS) convention held in Las Vegas each year.

## SERVICES

Production is an integral of Luke Carrico's total presentation and air show delivery. Traveling to each show site with professional grade audio equipment, broadcast headsets, mixers, and an unmatched music library, Luke is able to fine-tune his announcing to best match the event, the performers, and of course the spectators and sponsors. This capability along with his years of air show experience allows Carrico to handle any conceivable situation that may arise during your event, and ultimately *Elevates Your Air Show* to the next flight level.

- ➔ Professional air show announcing & live production services
- ➔ Tailored soundtracks and extensive music library (4,000+ tracks)
- ➔ ESPN-style broadcast headsets, audio mixers, & professional grade equipment
- ➔ Emphasis on event sponsors & in-show commercial mentions
- ➔ *Live To The Cockpit* communications capability
- ➔ U.S./DoD & International Jet Team experience
- ➔ A lively talent for media interviews & show promotion
- ➔ High quality voiceovers and video editing
